THERE WAS A WOMAN IN THE CASE.

She Heiped to Dispose of the Kendallville Plunder.

Toleno, Sept. 30 .- The authorities of Noble county, Indiana, are said to be in tionession of conclusive evidence to sh toat John Conners and Eva Flint, who were arrested at Kendaliville last Wednes-day in connection with the Lake Shore train robbery, are two of the par-dicipants in the distribution of the bootly. Particulars of the result of the investi-gation are suppressed but it is learned that a number of railroad men were the tief actors in the robbery of the train. It is stated further that the woman Eva-Flint made several trips from Elkhart, and., to Chicago with large quantities of builton, specie and gold, part of the pro-ceeds of the robbery.

VERY FAVORABLE FOR SIAM.

patch from London says: A dispatch has which was admired by all.
been received from Bangkok as follows: In the morning a fine patch from London says: A dispatch has been received from Bangkok as follows:
The convention between France and Siam is to be signed tomorrow. I learn on good authority that the terms of the convention are much less drastic than at first proposed, and Siam is treated more laniently than it was supposed she would be. The Invariable nature of the convention for Siam is much commended here and M. De Vilers is dent, J. B. Farlow vice-president, W. P. Jennings secretary and manager and S. K. Hooper and William C. Jennings directors.

The building was designed by Mr. Kletting, and is in the form of an L, hav-Kletting, and is in the form of an L, hav-

whether any one is killed. This infor-mation was received at the interior de-partment by telegraph today from Indian Agent Estudillo, of the Yuma reserva-tion.

cretary Hoke Smith at once went to Secretary Hoke Smith at once went to the war department and requested troops to be at once sent to the scene of the outbreak. It is also said that Miggel had been accured of preventing the children of the tribe from attending the school. The Yumas, among whom the trouble occurred, number 1,600. The reservation is in the southeast corner of Calliornia, 150 miles from Phenix, Aria. The school house attacked is an old fort.

The Yumas have always been friendly, but decidedly lazy. The nearest post is will take about forty-eight hours for the soldiers to reach there.

Secretary Hoke Smith at once went to be reason and requested through the school and selected in Utah during September, the total liabilities being \$74,031, and the assets \$40,612.

FROM DETROIT DISTRICT.

The Ibex Premises to Become a Great Mine.

Messrs. C. Overson and F. Dugan, of Leamington, arrived last Friday evening from Detroit Mining district. Mr. Overson is doing some development work on

Soldiers Sent to Protect the School. SAN DIEGO, Cal., Sept. 30 .- In response

to an order from General Ruger, Colonel Kellogg, commanding the United States military post here, this afternoon sent soldiers to protect the Irdian school at Yuma from the threatened attack by the

MALACHI DILLON IN LUCK.

His Pine Coal Discovery Near Rawlins-W. P. Noble's Operations.

BAWLINS, Wy., Sept. 29, 1893.

To the Editor of The Herald:

The check fiend did up the town last Bunday for something like a hundred dollars. He arrived from the west and put up at the Pacific hotel as J. C. Ennis, Gresn River, Wy., where he procured several blank checks upon the First National bank, which he filled out, making them payable to George Dunn, to which "Chris."

Rumor has it that Messrs, Mount, Holhe signed the name of the Episcopal rector, John Leal. He represented to the rector, John Leal. He represented to the business men of whom ne made small purchases that Mr. Leal had purchased some pictures of him, and as they were delivered after banking hours Saturday evening Mr. Leal was obliged to make payment by check. The forgery was not discovered until Monday forenoon, when the forger was out of the state, being last heard from at Cheyenne at an early hour Monday morning. Ionday morning. The recent discovery of mica near this

Minister.

Malachi Dillon's new 'coal discovery five miles west of town has developed into a fourteen foot vein of fine steam coal. As the openings are close to the Union Pacific track, one on the north the other upon the south side, it makes this one of the most valuable coal mines in the

the most valuable coal mines in the country.

W. P. Noble, of your city, loads thirty-five cars of beel cattle this afternoon from his Fremont county ranges.

Mr. J. C. Friend will begin the publication of the Inter-Mountain Wool Grover moon. The first copy will be issued the 15th of October.

The Horka-Smith company have op-

15th of October.

The Hopka-Smith company have opened up a new clothing and dry goods store this week. The Keefe brothers will stirt a new grocery store early next month, from which it would appear that trade must be reasonably good.

Money in It.

A gentleman called one day at a house on a question of business, and in order to of affairs, who failed not long ago, has a timke himself friendly with all concerned, book now in press entitled, "How to talked agreeably with the children and Succeed." Erastus should come to Salt

Lucky Man.

Jenkins—How are you getting along with your literary work?

Riterson—Oh, I'm incky. I have never lost a manuscript yet. Every one I have sent off has come back to me in as good shape as I sent it.—Detroit Free Press. t a manuscript yet. Every one I are sent of hes come back to me in as As the summer goes to leave us. As the summer goes to leave us. And we know we will not sent if for a long time any more. A worthy materiamilies, whose children with severe coughs, for sugar at the store.

eiren were troubled with severe coughs, wrote to ask the editor of a paper to insert a remedy under the heading of "An-swers to Correspondents." On looking over the paper a few days afterward sho found the following answer marked with

hor initials:
"If they are not too young, peel them carefully, steep them in boiling water with pienty of sait and keep them eight days in brine."

The sub-editor had mistaken the column and substituted for the desired remedy a recipe for "pickling onlons."—

Petit Journal.

His Failing Too.

"I didn't like your cake very well to-

"No" queried she. "What was the cutter with 11?"
"It seemed to me it was a little short."
"I have noticed the same failing in you, te. de Smith," was the teres reply, an Dingley horrowed enough from his leads to pay something on account,—

Erastus Wiman, the irrepressible man

asked them several questions. He at last threed to a bright little boy, and with a winning smile, said:

"And what are you going to be, my man, when you going to be, my The auswer came readily, "Oh, I'm gothey have not squeiched the good humoring to be a trustee, for ever since papa has been a trustee we have had ever so much better things for dinner."—Tid-the autumn winds are stebing.

The autumn winds are sighin'
And the ducks are northward figin'
And the loc is seen quite orten
in the bucket by the door,
And it starts us into binkin'.
That our cabin meets a-chinkin',
And sigh to think they pail for cash
for bacon at the store.

There is a big row on in an eastern newspaper office. The society editor newspaper office. The society editor wrote an eloquent tribute to the "Muffled Women of Morocco," whom she said she had found distinctly interesting. But there seemed to be a conspiracy against the lady, for when the item appeared it read: "Of all the women I have ever met the muraled women of Morocco pleased me the most." There is a resignation now in the hands of the managing editor, with two large tear drops upon it.

A "Putrid Reminiscence:" "No reputable citizen can defend or excuse the "I didn't like your cake vary well to-night," remarked Gus de Smith to his landiady.

"Nev" quesied she. "What was the mutter with 112" and denounce and abjure it." Tribune, Aug. 26.

Another "Putrid Reminiscence;" "We have another set in the expiring gasp of their municipal trust. They also have proved to be entirely unsatisfactory." Registrar United States Land Office—Hoyt Sherman.

Salisbury.

Their course has been as wrong headed as could be. Their assertions of independence and freedom from control of any persons, committees or influence whatever have evily been redeemed from childish petulance to be called with a harsher name by the evil consequences that have followed their actions and the disastrous pitainto which they have dumped the city."—Tribune, Aug. 26.

That was a queer action on the part of Dr. Utter and his fellow grand jurors in summoning to appear before the grand

on the shelf of privacy. His name seldom appeared in the papears—not even in the society column. Now the whirl of politics has brought him once again into prominence, and he appears to be as proud of it as a boy with his first suspenders, or the youth who discovers a slight fuze on his upper lip. Witness his bombastic letter in the Daily Rattled of yesterday. Since his little disagreement with Walden he seems to have developed decided sporting proclivities, and issues a challenges "open to the world," that he did not write Mr. Conklin's letter. Nobody said Powers did write it; he might, probably, have dictated it to a type-writer.

January next!

The vegetable who runs an avening sheet, that appears semi-occasionally, has considerable to say about Salt Lake's street car system. Outside of the office, there are, perhaps, few who read the sheet, and none who are influenced by it. A fellow who has lived in the backwoods all his life can hardly be expected to take to modern improvements, and the fact that the managers of the street car lives have refused him a mass does not and

Judge Gee is to be a candidate for reelection to the wool-sack in the city hall.

the Liberal organ is already on the slate. ton. About 100 tons are now dump.

The development now going on is in a shaft twenty feet deep, on a vein of iron carbonate, with streaks of copper. At a depth of eight feet, the vein, which is four feet wide, sampled \$18 in gold, silver and copper, and is improving as depth is obtained.

In an have never been able to see eye to eye as to the manner in which the police of the circle strength of the min street of this city should be managed. Ed Kelly is to be supported by the Tribune, so it is said, and he is reported to be also the choice of several of the Main street, priret Scuth and Second South business obtained. He and a certain gentlemen named Lan-

At last accounts Judge Colborn was shead in the mayoralty race, with C. P. Mason close benind, W. W. Chisholm a good third, and Hank Barnes distanced. Hank doesn't seem to know it, but he always was too much of a heavyweight for the Liberal party, Cut loose! Don't be a clam!

PROBABLY A SUICIDE.

The Body of C. J. Thurston Found in Tin..... His Room.

A Bottle of Prassic Acid on His Bureau -- Coroner Taylor Will Investi-

The recent discovery of mica near this city is creating a good deal of excitement. The specimens on exhibition measure \$\frac{1}{2}\] Extra considerable commercial value.

Paulsen & Co. who have been prospecting near the city all summer have just let contracts for sinking a 100-foot shaft on one of their leads, and a twenty-five root extension on a tunnel upon another.

The Transcontinental Coal and Iron company have paid off their men and stopped all further operations for the winter.

Malachi Dillon's new 'coal discovery five miles west of town has developed into

So far as is known the unfortunate man left no writing to explain the cause of his

rash act.

Mr. Thurston was engaged as a solicitor for the Denver Hotel and Hailway Gazette, and in his pocket was found a letter from the publishers authorizing him to transact business for then. He came here from Denver a short time ago, and on Friday made some advertising contracts. Whether he found business dull and became discouraged, or whether there was some other reason for his action is not known. There are several theories concerning the affair, but probably the truth will not be learned until Coroner Taylor holds an investigation on Monday.

day, Soon after the body was found, Officer Johnson was notified, and it was removed to Skewes & Son's undertaking estab-

lishment.

The deceased was above 40 years of age, and was known to a number of hotel keepers and other business men here.

The Registration Closes. There was a big crush at the registration office all day yesterday. The office closed at 7 p.m. The figures will not be obtainable before Monday at the earliest. There was some blokering and a good deal of talk of a more or less belicose nature, but no heads were cracked.

Rawlin Republican.

The Spectator, of London, formerly

strongly in favor of gold monometalism, says: "A moment's reflection will show how extremely difficult is the position ment with Waiden he seems to have developed decided sporting proclivities, and issues a challenges 'open to the world,' that he did not write Mr. Conklin's letter. Nobody said Powers did write it; he might, probably, have dictated it to a type-writer.

"Whom the Gods would destroy they first make mad." Note the daily frothing at the mouth of the organ of 'Putrid Reminiscences."

Jake Moritz is booming the idea that the slogan of the Liberal party during the coming campaign, should be: "Home Industries, First, Last and All the Itme'—with a preference for S. L. b. Jacob has a great head.

Two failures out of a possible two is hardly the best of argument to put before the public for another trial, is it? This is the record of the miserable outfit known as the Liberal party.

If Salt Lakers do not snow under the rotten outfit at the coming election, then will she deserve all the evils that will beset her for the two years commencing in January next!

Now extremely difficult is the position of Daviness who is finglish men of business who is trade with countries using a silver is liable to still further depreciation. People trade not for the love of it, but to make a profit. The merchant's and the minufacturer's first thought is, 'HI buy or produce at £5 a ton, shall I be able to still at £5'4 a ton?' Information reaches him that in the east he can at this moment got for his goods an amount of silver equal to £5'4 per ton, and he accordingly bargains to do so. By the time, that is, has disappeared in the fall in exchange. Though a steady standard of value does not destroy it. A falling standard, however, makes business almost impossible. Whether gold is or is not appreciated we do not pretend to say. But no one, we think, can doubt,—(1), that silver is depreciated; and (2), that such depreciation is bad for trade.'

Washington, Sept. 30. — Marshal Cushing's newspaper, the Capitol, has of English men of business who

Washington, Sept. 30. - Marshal The vegetable who runs an evening this: An annual increase of from 8 to 10 per cent. in the gross receipts of the postoffice department is usually counted upon. In the month of June the department showed an increase of gross receipts sheet, and none who are influenced by it. A fellow who has lived in the backwoods all his life can hardly be expected to take to modern improvements, and the fact that the managers of the street car lines have refused him a pass, does not and should not give him cause for a wholesale lampooning of a street car system that is conceded by all travelers to be the best, population considered, in the entire United States. The poor doit has my sympathy in his misfortune.

Silver Getting Short.

NEW YORK, Sept. 30 .- The stock of That Marshal Paul is to be knifed by very large. Shipments of late have deoreased materially. This is due to the closing down of the leading western silver mines, and no large addition to the supply is to be expected until the price of silver advances sufficiently to allow a portion of the mines to resume.

Bar silver has advanced from 73% to 74 during the week.

★ OPENING ★

WHITE & SONS CO. Respectfully announce that on Monday, October 2, 1893, they

will open a New General Market at No. 22 West First South street,

first door west of the McCornick Building. In addition to our regular Meat Business, which we have cogducted for the past 17 years, we have added a Grocery Department and a Fish, Poultry and Green Grocery Department, and are now prepared to offer to our Patrons the facilities of the Most Complete Market in Salt Lake City, where everything required for the table may be purchased without leaving the building. We have secured the services of Mr. Raguel Barber, Mr. William Wood, jr., Mr. John Back, (formerly of Z. C. M. I.) and Mr. Finley G. Brooks, and can assure the Public of the most courteous and astisfactory treatment.

The Public are Invited to Inspect our New Market. WHITE & SONS CO.
